Training and Assessment Are Our Core Business – What’s It All About?

As a nationally recognised RTO, Educare College’s provision of training and assessment services are developed to fully meet the requirements of the VET Quality Framework.

Nationally recognised training programs such as Certificates and Diplomas are considered **competency-based training (CBT)** which means that training and assessment activities or recognition of your skills and knowledge (via a recognition of prior learning process – RPL) focuses on your ability to apply relevant knowledge and skills to actually demonstrate your performance of workplace tasks to a standard specified by that industry.

The specific skills and knowledge required for successfully performing tasks in the workplace are detailed in what we call Units of Competency and these may be delivered on their own, or ‘packaged’ together by Educare College to make up a short course or a nationally recognised qualification, based on Educare College’s consultation with that industry area and the requirements specified in the Training Packages.

To be considered competent in any Unit of Competency you must be able to demonstrate the required skills and knowledge detailed in the unit to complete work tasks in a range of situations and environments. This will include demonstrating your skills in real work situations or in simulated applications, over a period of time and generally under differing circumstances.

Your trainer will collect evidence to be confident that you have the required knowledge and are able to consistently perform the specified competency or task/s to the required standard over a period of time.

Your evidence (assessment) must demonstrate the following:

- That you can do the job or task to the required standard;
- That you understand why the job should be done in a particular way;
- That you can handle unexpected issues or problems;
- That you can work with others ‘in a team’;
- That you can do more than one thing at a time, e.g. perform the task and be aware of the occupational health and safety requirements;
- That you know the industry or workplace legislation, rules and procedures.

Competency based training and assessment is all about providing you with every opportunity to develop competencies. If your evidence (assessment) does not satisfy the assessment requirements (criteria, benchmarks) your trainer will provide feedback and possibly additional support (such as allowing you the opportunity to provide additional evidence, do more research or practice skills before you demonstrate them again) and may negotiate additional or alternative assessment for resubmission or re-assessment.

As part of our enrolment process, you should discuss your training and assessment program with Educare College staff to ensure you understand the course or qualification and the training and assessment requirements prior to enrolling.

The staff member will give you the opportunity to discuss things such as:

- any questions you may have about the course in detail including;
 - the course duration
 - are you able to complete it earlier than the suggested duration?
 - are you able to take more time than the suggested duration?
 - timetabling – how many hours per week will you be studying both formally and self-paced
 - participation or progress requirements including what might happen if you can’t attend class
 - assessment requirements – exactly what you have to do to gain the qualification
 - industry or workplace requirements, if applicable

- if work placement is required, does Educare College assist with finding placements?
 - learning resources
 - delivery methods for the course – can you complete some on line and some in class?
 - how does your training work if you are already an existing worker in your chosen industry?
 - any other questions you may have.
- whether you have any existing qualifications or training, or skills that could be recognised in this program.

Quality Training and Assessment

Educare adopts a professional and targeted approach in the development of training and assessment strategies and ensures that the learning and assessment resources are valid, current, accurate, comprehensive, industry relevant and flexible, and are in line with appropriate training packages and standards for registered training organisations.

Educare, regularly gains feedback from clients, accredited trainers, employers and industry stakeholders, and part-takes in on-going audit and review processes within the organisation, to maintain continuous quality improvement in training and assessment.

Course Progression and Milestones

All Educare courses are designed with **Unit Completion Dates**, established to provide students with a guideline that will assist planning their study schedule throughout the duration of their nominated course enrolment.

These **Unit Completion Dates** ensure that each student can establish a feasible, progressive momentum in which to achieve their study goals in the time frame provided by Educare, for the completion of the course in which they have enrolled.

Unit Completion Dates are scheduled and provided to prospective students in the course specific **Training Plan**.

These **Dates** are defined as follows:

1. **Commencement Date** - *this may be:*
 - a) when a student attends their first training session/class;
 - b) when a student first uses their password to access Educare's E-learning delivery platform session
 - c) the Recognition of Prior Learning (RPL), or Credit Transfer (CT) process has commenced, **whichever comes first.**
2. **First Submitted Assessment Due Date** – the first assessment is due **within 4 weeks** from the date of commencement.
3. **Assessment Due Dates** - the scheduled unit completion/assessment dates are recorded on the student's training plan and include all components of the unit, ie: Theory and Practical components. This is also available through the E-Learning platform during the training period for on-line students.
4. **Completion of Training Date** - the last scheduled training session day/course date for the student or student cohort.
5. **Final Assessment Due Date** – Final assessment submission for students is 5 working days from the **Completion of Training Date**; this is the last date at which *any assessment that has not been submitted must be submitted* to be considered for assessment to complete the qualification.

6. **Closure Date** - No further trainer support is available to students after this date. If students have remaining uncompleted units that are past this time frame, they will be required to re-enrol and pay fees for the relevant units.
7. **Certification Date** - Closure Date *plus 28 days*; by this date Educare will have issued students with a qualification Certificate and Academic Transcript or a Statement of Attainment (only for incomplete qualifications.)

Please note: Certificates cannot be issued if all fees are not paid in full.

The **Unit Completion Dates** outlined above also allow Educare to manage and monitor the progression of each student throughout the course, to ensure that they complete training and gain the qualification at the Certification Date. Students are also required to monitor their own performance and consider the makeup of the course when scheduling study and assessment completions. For example; A Diploma that requires 28 units for completion and has a time frame of 24 months, will require more than 1 unit to be completed per month.

Student Attendance

Educare monitors the attendance of enrolled student throughout the training process to ensure students' progress is in line with their cohort and meets statutory requirements.

Online attendance

Attendance of scheduled online tutorial sessions and participation in the training process is essential for successful course progression and completion.

Face-to-Face Attendance

Students enrolled in a course being delivered by class attendance, **are advised to attend for no less than 80%** of the scheduled class. Any student that does not meet this quota risks being unable to continue as part of their current cohort and may not be able to complete the full course requirements in the scheduled time.

Reassessment and Appeals

Educare provides a fair and flexible re-assessment and/or appeals process.

Applicable forms are available at Educare for clients to complete, to initiate re-assessment and/or appeal processes.

A fee will apply to the client requesting re-assessment, which involves lengthy interaction and time frames with the client in order to complete the re-assessment process. Educare's fee schedule (subject to change periodically) will be available at the time of re-assessment application, and the client will be informed of the stated fee prior to the re-assessment process.

Additional Training Service Fees and Charges

Reissuance of Documentation and Certification Fees

- a) When a Student applies to Educare for a Statement of Attainment or a qualification testamur to be reissued due to the original documents having been lost or misplaced by the student, a **Re-issuance Fee of \$50.00** is payable by the client before the replacement documents can be issued.
- b) Students, who **fail to update their address details** on Educare's Student Information System, or alternately fail to advise Educare in writing prior to completion of the training relevant to the documents

originally posted, may be required to pay a re-mailing fee to have the documents re-sent to the correct address.

Educare will advise the student of the costs upon a Student's application to have their documentation re-sent to an alternate address.

Assessment at Educare College

It is the student's responsibility to retain a copy of any assessment submitted.

Re-Assessment

If you are assessed as "Not Satisfactory" in any assessment activity (whether it is a practical demonstration, written activity/project, assignment, etc) you will be able to undertake a re-assessment generally within a maximum of one (1) month of the date of notification of the outcome. If you believe you will need more time to gain the level of skills or knowledge required to re-sit the assessment, you may negotiate a different time frame with your educator. If the assessment item is not re-attempted or at least arranged to be re-attempted during a reasonable timeframe that suits all parties involved, you may be required to attend classes for that unit again and pay a re-enrolment fee.

Missed Assessments

You are required to undertake all assessments as scheduled. If you miss an assessment due to illness, you will be required to present a doctor's certificate and will be required to reschedule the assessment within one (1) month of the original assessment. If you missed the assessment for other reasons, you will need to negotiate directly with your educator. (See special consideration and deferred assessment below)

Special Consideration and Deferred Assessment

On occasion, circumstances may prevent you from participating in or undertaking an assessment or handing in an assignment as scheduled. In these cases, you are asked to put your circumstances in writing and submit them for consideration. Applications to defer assessments must be received at least three working days prior to the examination or assessment date. All considerations will be assessed on a case-by-case basis.

FEES, CHARGES and REFUNDS

Students/participants undertaking training are required to pay course fees. Educare College course fees are available on enquiry from the administration team. Course fees include all tuition fees and resource costs associated with the training as well as student services.

Course fees are invoiced at time of enrolment and a number of payment options are available and will be negotiated to suit your circumstances. Educare College will never charge more than \$1,500 fees in advance of training.

Student fees may be paid by cash, cheque, credit card or EFTPOS. Invoice payment must be made within seven (7) days from the invoice date.

Students who do not achieve competence are able to re-sit the assessment within one (1) month at no further cost. Additional re-sits may incur a cost depending on the qualification.

Refund Policy – Fee for Service

If a course is rescheduled or cancelled by Educare College prior to program or course commencement, then you will be offered an opportunity to reschedule to the next mutually agreeable available course date, or a full refund will be provided.

The Student Course Fees, once paid, is refundable under the following circumstances:

- The Cancellation & Refund Request is received in writing within seven (7) Calendar Days of agreed commencement date or;
- If the College defaults.

For any Refund requests/claims after seven (7) days of agreed starting date, the Course Fee is not refundable & not transferable.

Definition of College Default: Cancellation or non-delivery of the course due to College default. The College defaults when:

- It fails to provide the course to the student on the agreed starting date; or
- The course ceases to be provided to the student any time after it starts but before it is completed; and
- The student has not withdrawn before the default day.

In the highly unlikely event that Educare College is no longer able to provide the training assessment services as initially agreed, then every effort will be made to arrange for agreed training and assessment to be completed through another RTO at no additional cost to the student. Prior to the transfer students will be formally notified of the arrangements including any refund of fees that may be applicable.

The term “commencement” unless and otherwise defined in the terms and conditions, the day of scheduled course start date, or a later day agreed between Educare and the student such day being the “commencement” day in the offer letter.

If arrangements have been made for the course to be invoiced and you do not commence the course or withdraw after commencement an invoice will still be issued for the course.

If you withdraw or cancel prior to commencement, Educare College will also cancel any remaining payments that have been scheduled in respect of the enrolment if any payment or invoice plans have been negotiated.

If you do withdraw from a program of study, or Educare College is unable to complete your program of study, a Statement of Attainment will be issued for any units completed prior to your withdrawal.

Activated Withdrawal

If you fail to attend classes, and/or fail to submit course work for any period of time that is sufficient to impact your progression, Educare College will attempt to contact you to determine your intentions to continue in the course.

If you are unable to be contacted after three attempts Educare College may initiate an Activated Withdrawal process from which you are considered to be withdrawn and all fees paid to date are non-refundable. To recommence after a withdrawal has been activated you are required to submit a new application and may be treated as a new student.

The acceptance of the refund policy and procedures and the availability of a complaints and appeals process does not remove the right of the student to take action under Australia’s consumer protection laws.

Refund Policy - Queensland Government Certificate 3 Guarantee and Higher-level Skills Programs/s

This document outlines the refund policy for students enrolled under the Queensland Government Funded (Certificate 3 Guarantee) programs and Higher-Level Skills available from Educare College. *(For more information about Certificate 3 Guarantee and Higher-level Skill Programs, refer to Annexure 1)*

The compulsory Student Co-Contribution Fee once paid is refundable under the following circumstances: A refund of the Co-Contribution Fee will be issued where:

- The Cancellation & Refund Request is received in writing within seven (7) Calendar Days of agreed commencement date or;
- If the College defaults.

For any Refund requests/claims after seven (7) days of agreed starting date, the Co-Contribution Fee is not refundable & not transferable.

In the event of unforeseen circumstances that the college defaults to commence or complete the course delivery, affected students will be provided with their corresponding refunds.

Definition of College Default: Cancellation or non-delivery of the course due to College default. The College defaults when:

- It fails to provide the course to the student on the agreed starting date; or
- The course ceases to be provided to the student any time after it starts but before it is completed; and
- The student has not withdrawn before the default day.

In the unlikely event that the College is unable to deliver the course in full, the student will be refunded the unspent portion of the Co-Contribution fees paid to date within 2 weeks of the day on which the course ceased to be provided.

Refund Policy - Queensland Government User Choice Program

This document outlines the refund policy for students enrolled under the Queensland Government Funded User Choice programs available from Educare College. *(For more information about User Choice Program, refer to Annexure 1)*

The term “commencement” unless and otherwise defined in the terms and conditions, the day of scheduled course start date, or a later day agreed between Educare and the student such day being the “commencement” day in the letter of offer.

Student Contribution Fees are currently charged at the rate of \$1.60 per nominal hour. The total is based on the State Government’s nominal hours it allocates to each unit of competency in your qualification. All student contribution fees are charged at the end of every month based on the units that a student has commenced in that month (as outlined in the agreed Training Plan). If agreed between the employer and the apprentice/trainee, student contribution fees can be paid by the employer.

Employer contribution fees and the invoicing schedule is outlined in the Employer Service Level Agreement Document which is provided to employers directly and signed by all parties.

Refunds of contribution fees are paid on a pro-rata basis and based on units of competency yet to be achieved. Contribution fees will not be refunded for those units of competency that have been achieved; full refund only applies to units that have not commenced. Credit Transfers are exempt from contribution fees.

The full contribution Fee once paid is refundable under the following circumstances:

- The Cancellation & Refund Request is received in writing within 7 Calendar Days of agreed starting date or

- If the College defaults.

For any Refund requests/claims after 7 days of agreed starting date, the Contribution Fee is not refundable & not transferable.

In the event of unforeseen circumstances that the college defaults to commence or complete the course delivery, affected students will be provided with their corresponding refunds.

Definition of College Default: Cancellation or non-delivery of the course due to College default. The College defaults when:

- It fails to provide the course to the student on the agreed starting date; or
- The course ceases to be provided to the student any time after it starts but before it is completed; and
- The student has not withdrawn before the default day.

In the unlikely event that the College is unable to deliver the course in full, the student will be refunded the unspent portion of the Co-Contribution fees paid to date within 2 weeks of the day on which the course ceased to be provided.

Refund Process

All requests for a refund must be submitted on the appropriate '**Refund Request Form**', by email to admin@educare.edu.au. Refund requests must be accompanied by official documentary evidence. If the student is unable to access the refund form, a refund request should be made in writing and emailed or posted to the Educare College Head Office.

The refund will only be made in **the name of the person who paid the student fees unless** the student gives a written direction to the college to pay the refund to someone else. Full refunds of amounts owed to the student will be made within 4 weeks.

Special Consideration

If you withdraw after commencement of the course or program, due to unforeseen difficulty or circumstances you may apply for special consideration of a refund which will be considered on a case by case basis. Your application must be in writing and you will need to provide supporting evidence and documentation.

If you already have a USI you will need to provide Educare College (and other RTOs you may study with) with your USI on enrolment (or prior to results being finalised).

If you do not yet have a USI, to obtain a USI visit:

By knowing this information, we will be able to support you with appropriate resources or make reasonable adjustments to the program to assist you.

Useful Internet Sites

You are able to access a wide range of information through the internet. The following sites will prove to be valuable reference tools:

Information about vocational education and training and the national register of training providers and qualifications can be accessed at: www.training.gov.au .

Information related to regulation of registered training providers and the VET Quality Framework is available via: www.asqa.gov.au .

The Australian Qualifications Framework (AQF) website can assist you with information on national qualifications in schools, vocational education and training (TAFE's, and private providers) and the higher education sector (mainly universities). Valuable information is also provided on learning and employment pathways: <http://www.aqf.edu.au/>

Qualifications

Educare College will issue an AQF (Australian Qualifications Framework) Qualification or Statement of Attainment (for units of competency achieved) within 30 days of a student completing or withdrawing from the course provided all agreed fees have been paid.

If a student requires more than the one copy of their certification and transcript the cost is \$50.00. This cost applies also to past students who have graduated and request a re-print of their certification.

Recognition of Prior Studies / Skills

Recognition of Prior Learning (RPL)

All students enrolled with Educare College who consider that they have, and can demonstrate current skills and knowledge in the qualifications or individual units of competency in the program, whether achieved through prior training (formal or informal) or through relevant work history and [work or life] experience may apply to have their knowledge and skills 'assessed' via an RPL process.

The RPL process at Educare College may vary depending on individuals' specific circumstances but will generally include:

- The provision of preliminary information about the RPL process to consider your suitability;
- A conversation between assessor and you to discuss evidence requirements for individual units, make a preliminary assessment, advise you accordingly and review the RPL assessment tool(s);
- You will supply evidence of your capability (prior learning, work history, personal skills etc) specifically related to the units of competency;

Examples of evidence might include (but not limited to):

- *licences or tickets*
- *resume/ CV or detailed work history*
- *certificates (accredited, non-accredited, higher education degrees or training programs. Refer Recognition re 'credit')*

- *performance appraisals*
- *indentures or trade papers*
- *statements of attendance/certificates – vendor training courses, in-house courses, workshops, seminars, symposiums, club courses e.g. first aid, officials, surf lifesaving etc.*
- *photographic evidence of work*
- *diaries/task sheets/job sheets/log books*
- *memberships of relevant professional associations*
- *hobbies/interests/special skills outside work*
- *references/letters from previous employers/supervisors*
- *industry awards*
- *letters from employers, records of professional development.*

An assessor may conduct a review/verification of the evidence supplied against the units of competency

The assessor may facilitate a one-on-one professional conversation(s) (depending on your experience and/or evidence, the assessor may need more than 1 occasion and/or to assess your skills in your workplace or a simulated environment)

If you consider you may have prior knowledge and skills that could demonstrate your current competence in accredited training, you are encouraged to discuss with Educare College at enrolment.

Credit Transfers

Educare College recognises qualifications and /or Statements of Attainment issued by other Registered Training Organisations (RTO).

Educare College defines the recognition of skills achieved through formal learning and assessment as credit transfer.

Credit transfer allows a student to be awarded a unit of competency towards completion of a qualification, based on successful completion of the unit previously completed under another RTO.

To apply for credit transfer, you should obtain an application form from Educare College administration, which you will need to provide along with the original statement(s) of attainment or qualification(s). Educare College will verify these qualifications and determine credit eligibility. Prior qualifications in another name must be accompanied by evidence of a name change (marriage certificate, deed poll etc).

Whilst you may apply for credit transfer at any time, you are encouraged to apply before commencing a training program or within three (3) weeks of the program commencement. This will reduce unnecessary training and guide you towards a more efficient path to competence.

You will not incur any fees for credit transfer.

Credit transfer may only be awarded for whole units of competence. Where a mapping guide identifies a partial credit, this will not be considered for credit transfer and the applicant will be advised to seek assistance from their Educator for potential recognition of previous work towards unit assessment.

You will be notified in writing of the outcome of your credit transfer application.

Opinions, Issues and Improvements

Complaints and Appeals

Educare College is fully committed to constantly improving how its business is conducted and maintaining its continuous compliance with the VET Quality Framework. Your feedback about your experiences with Educare College is very important in enabling us to do this effectively.

Students, prospective students and other clients are invited to provide their feedback on any aspect of our services at any time. Feedback can be provided in person, over the phone or in writing. All feedback received will be used in Educare College feedback and continuous improvement cycle.

Educare College considers all experiences an opportunity to learn, reflect and improve. Self-reflection and evaluation play a key role in the organisations continuous improvement and all staff are actively encouraged to participate in continuous improvement processes.

We will regularly ask for your opinion in the form of formal (surveys) and informal (conversations) feedback.

As an RTO, Educare College is also required to collect Learner Engagement feedback (via a survey) about your experience with us and report the outcomes to the national regulator annually. We would request your participation in this process, as it is a valuable source of information for us to identify areas for improvement.

It is also important that if you have an issue or a problem (with the training or with our services), including if you are dissatisfied with the outcomes of assessment and other decisions, that we know about it and have an opportunity to work with you to resolve it.

Educare College's full Complaint and Appeal Policy and Procedure is available on request, on our website, and will be discussed at induction.

In brief, if you have a complaint, please discuss it first with the relevant person (the person your complaint is related to), or another Educare College staff member. If this discussion is unable to resolve the issue, or you are unable to discuss it directly, you may submit a 'formal' complaint (an appointment, email, letter or via the website) to Educare College who will commit to investigating the issue and working with you to have it resolved.

If you are lodging an appeal about a decision, whether the decision is about the result of an assessment or a decision about an issue, it must be done within 14 days of notification of the result or decision. Each student has an opportunity to formally present his or her case and is given a written statement of the appeal outcomes including reasons for the decision.

Whilst Educare College would prefer the opportunity to work with you to satisfactorily resolve issues, the commonwealth government also provides students with access to a National Training Complaints Hotline (13 38 73 or skilling@education.gov.au) which is open from 8am to 6pm Monday to Friday.

The Queensland government also enable students to raise issues and concerns with the Training Ombudsman. www.trainingombudsman@qld.gov.au

ANNEXURE 1

Additional Information - Certificate 3 Guarantee

What is the Certificate 3 Guarantee?

The Certificate 3 Guarantee supports eligible individuals to complete their first post-school certificate III level qualification and increase their skills to move into employment, re-enter the workforce or advance their career.

The program also supports school students to access training and Queensland's Year 12 graduates to transition to employment by providing fee-free training in high priority qualifications.

What Qualifications are subsidised?

Under the Certificate 3 Guarantee, the Queensland Government provides a subsidy for a range of certificate III level vocational qualifications. Foundation skills training and lower-level vocational qualifications may also be subsidised in certain circumstances.

Are you eligible to participate?

The program is open to any Queensland resident aged 15 years or over who is no longer at school (with the exception of VET in Schools students) and is an Australian or New Zealand citizen or Australian permanent resident (including humanitarian entrants), or a temporary resident with the necessary visa and work permits on the pathway to permanent residency.

Prospective students must not have or be enrolled in a certificate III level or higher qualification, not including qualifications completed at school and foundations skills training.

How can you participate in the program?

It is important that you choose the right course for you to take full advantage of the program.

The Queensland Skills Gateway displays the courses available under the Certificate 3 Guarantee and provides information about what they cover, the careers they can lead to, and the training providers approved to deliver them — visit www.training.qld.gov.au/skillsgateway.

For information on choosing a training provider, read the [training consumer tips](#) on the department's Training website.

As a condition of your enrolment, you will be required to complete a student training and employment survey within three months of finishing or discontinuing your training.

What level of subsidy is available?

The subsidy represents the level of government contribution for a qualification and varies between qualifications based on a number of factors.

The investment priority or importance of the training influences the size of the government subsidy.

Training in vocational areas that align with important economic and industry skills needs will receive a higher government subsidy.

A higher subsidy will also be paid to support participation by disadvantaged learners (concessional students). More information on concessional student status is detailed in the Certificate 3 Guarantee Program Policy at www.training.qld.gov.au/certificate3guarantee.

Do you need to contribute to the cost of training?

Given the benefits that training provides to individuals, students undertaking certificate III level training and non-concessional students undertaking lower-level vocational training are required to contribute to the costs of their training through a co-contribution fee.

The amount of your out-of-pocket expense will vary depending on the course you undertake and the training provider you choose.

The fee may be paid on your behalf by an employer or another third party but cannot be paid or waived by the training provider or any organisation related to the training provider unless approved by the Department of Education and Training.

More Information

Note: A student will no longer be eligible for a government-subsidised training place under a program once they complete the qualification level targeted through the program.

For more information on the Certificate 3 Guarantee, including eligibility requirements, subsidy information, concessional student status and program related documents, visit www.training.qld.gov.au/certificate3guarantee

Additional Information – User Choice

What is the User Choice Program?

The User Choice 2017-20 program provides a public funding contribution towards the cost of training and assessment for eligible Queensland apprentices and trainees.

The program provides the flexibility for apprentices, trainees and their employers to select a preferred registered training organisation (RTO) from a list of pre-qualified suppliers (PQS) for the delivery of accredited training to meet their specific needs.

How do I participate?

Choose a qualification that interests you and become an apprentice or trainee.

Visit the Queensland Skills Gateway to choose a qualification, learn about the training available, and the training providers that can assist you.

Which apprenticeships and traineeships are funded under user choice?

Not all apprenticeships and traineeships attract government funding. The funding priority will determine the level of public funds contributed to training regardless of whether the qualification is an apprenticeship or traineeship.

Refer to the User Choice funding and pricing page more information.

Can I start an apprenticeship or traineeship if I am still at school?

Yes, you can. School-based apprenticeships and traineeships (SATs) are available in many occupations in Queensland. Students should be in either year 10, 11 or 12, but may be able to enter a SAT prior to starting year 10 in exceptional circumstances. In these circumstances, a business case must be submitted to the department and approved prior to commencing the SAT.

The SAT is undertaken as part of the high school studies. A SAT employment and/or training arrangement must impact on the school timetable for the program to be considered school-based. Apprenticeships or traineeships which do not have an impact on the student's school timetable are not considered a SAT.

All SATs must be supported by the employer, the school, a supervising registered training organisation (SRTO) referred to as the training organisation, and the parent or guardian. SATs are paid for the time spent working with their employer.

SATs receive funding for their training aligned to the priority level of the qualification.

SATs are exempt from paying student fees under the User Choice program while they are still at school.

Parties to the training contract for a SAT should be aware that there are a number of conditions that apply to the training contract, including the amount of training that a SAT can do while they are still attending school. There are also conditions related to the transition of a SAT into full-time or part-time apprenticeship/traineeship arrangements once school has been completed.

If you are interested in undertaking a SAT in the electrotechnology industry, please note that electrotechnology occupations have an application process that must be undertaken prior to the signing of the training contract.

Visit the Apprenticeships Info website for more information on school-based apprenticeships and traineeships.

Am I eligible for a funded place in the User Choice Program?

To be eligible for a government contribution towards the costs of training, an apprentice or trainee must have entered into a training contract for a qualification that is funded by the department and be registered in the department's registration system DELTA. The contract commencement date or recommencement date must be on or after 1 July 2010, and the training provider selected to deliver the training must hold a pre-qualified supplier (PQS) status for the nominated qualification.

The government contribution for a User Choice funding contribution is detailed in the apprentice or trainee's letter of registration from the department and is subject to student eligibility and their selection of an eligible PQS as their SRTO.

Are there any rules I should be aware of in relation to funding?

Apprentices and trainees can only receive one government contribution for a User Choice funded qualification at any single point in time, i.e. a student is not funded to undertake two apprenticeships or traineeships at the same time.

In addition, apprentices and trainees, including SATs, can only receive a maximum of two government funding contributions under the current User Choice program.

There are other rules specifically related to funding for SATs, so students and their parents/guardians should discuss their intentions with their school's vocational education and training coordinator prior to signing up as a SAT. Australian Apprenticeship Support Network provider are another good source of information.

Will I be expected to pay fees and charges to my RTO?

Usually students are required to pay a co-contribution fee. In some cases though, an RTO may provide either a partial or full exemption for a student in respect to the co-contribution fee. SATs are not required to pay a co-contribution fee while they are still at school but may (visit the Fee-free training for Year 12 graduates section of this website) be required to pay fees once their training contract has been converted to full-time or part-time post school. Your SRTO will provide in detail its fees and charges policy, including full costs method of collection, refunds and exemptions prior to enrolment.

More Information

Note: A student will no longer be eligible for a government-subsidised training place under a program once they complete the qualification level targeted through the program.

Additional Information – Higher Level Skills

What is Higher Level Skills?

The Higher-Level Skills program aims to assist individuals to gain the higher-level skills required to secure employment or career advancement in a priority industry, or to transition to university to further their studies.

Are you eligible to participate?

This program is open to any Queensland resident aged 15 years or over, who is no longer at school and is an Australian or New Zealand citizen, or Australian permanent resident (including humanitarian entrants), or a temporary resident with the necessary visa and work permits on the pathway to permanent residency.

Prospective students must not have or be enrolled in a certificate IV or higher-level qualification, not including qualifications completed at school and foundations skills training.

How can you participate?

It is important that you take the time to carefully consider your training options and compare different providers and their fees before committing to a course of study.

The Queensland Skills Gateway displays the courses available under the Higher Level Skills program and provides information about what they cover, the careers they can lead to and the training providers approved to deliver them — visit www.training.qld.gov.au/skillsgateway.

For some subsidised courses under the program, the industry and training package requires you to be an existing worker in the industry to be eligible to enrol. These restrictions and/or exemptions are detailed in the Queensland Training Subsidies List.

For help choosing a training provider, read the training consumer tips on the Department of Education and Training's (DET's) Training website.

As a condition of your enrolment, you will be required to complete a student training and employment survey within three months of finishing or discontinuing your training.

What level of subsidy is available?

The subsidy represents the level of government contribution for a qualification and varies between qualifications based on a number of factors.

The investment priority or importance of the training influences the size of the government subsidy.

Training in vocational areas that align with critical industry skills needs and government priorities will receive a higher government subsidy.

A higher subsidy will also be paid to support participation by disadvantaged learners (concessional students). More information on concessional student status is detailed in the Higher Level Skills program policy at www.training.qld.gov.au/higherlevelskills.

Do you contribute to training costs?

Given the increased benefits that you can gain from higher-level training, you are required to contribute to the cost of your training through a co-contribution fee, payable to the training provider.

The fee amount varies depending upon the course you undertake and the training provider you choose.

The fee may be paid on your behalf by an employer or another third party but cannot be paid or waived by the training provider or any organisation related to the training provider unless approved by DET.

More Information

Note: A student will no longer be eligible for a government-subsidised training place under a program once they complete the qualification level targeted through the program.
